Are you Ready to Get a Life?

If you're looking for a great place to start a new career, this is the right place for you!

Why do people love working for EmployeeScreenIQ?

- We're growing, growing, growing. So if you're looking for a new full time career with great benefits and potential for upward mobility, look no more.
- Don't want to work evenings or weekends? No problem. This is definitely a 9-5 gig which allows you to actually have a life outside of work.
- We pay you to have lunch! Lunch time and daily breaks are not deducted from your salary. You work hard. Why not reap the benefits?
- Sweat the details with a smile and reap the rewards! Our employees are rewarded for getting it right and delivering superior client service.
- We can't save the world, but we try. EmployeeScreenIQ recycles over 4000 lbs. per year which equates to 45 trees!
- We know how to play. Work doesn't have to be boring and we offer a lot of activities from ping-pong to company picnics to summer ice-cream truck appearances and outings to Cavs and Indians games.
- Interested in helping others? EmployeeScreenIQ and our team members are motivated to be charitable. For example, want to wear jeans to work every day? Just donate \$4 per week to an approved charity of your choice.
- And don't worry about a revolving door of management. The EmployeeScreenIQ executive leadership team hasn't changed since we opened the doors in 1999.
